From (Name) Dr. R. Sundara Raj, M.A., Ph.D.,
(Designation) Director of Fisheries,

To The Secretary to the Government of Madras,
Development Department.

Sir,

The fisherfolk of Hejmady Kodi, a fishing village on the sea-ward side of the Moolky river about a mile to the west of the Moolky town, have petitioned for a fisheries school in their midst. The Inspector of fisheries reports that many of the fishermen who used to live in the hamlets on the other side of the Moolky river have shifted to Kodi, the fisher population of Kodi has ^{thus increased} ~~increased~~ considerably and a fisheries school is needed for the village. The District Educational Council, South Kanara, also has accorded sanction for the

opening of a fisheries school at the village (vide copy enclosed).

2. I visited the village and found that the people are really anxious to have a school. It is estimated that there will be about 50 to 60 children to attend the school immediately. Taking that as the basis, 2 teachers (one headmaster and an assistant) will be necessary.

3. I, therefore, request that you will be good enough to obtain the sanction of government for the opening of a fisheries school at Hejmadi Kodi with two teachers. The proposal may be treated as a part of scheme for 1936-37.

4. The following is the cost involved in the proposal.

	<u>1936-37</u> <u>(11 months).</u>	<u>ultimate.</u>
Pay of 2 teachers at Rs.23 each in the scale of Rs. 20-2/2-45.	Rs.500 ✓	Rs. 800 ✓

NOTE BY THE DEVELOPMENT DEPARTMENT.

The Director of Fisheries has submitted proposals for the opening of a fisheries school at Hejmadikodi village in the South Kanara district. He estimates that there will be about 50 or 60 children to attend the school immediately and, working on that basis, two teachers (one headmaster and an assistant) will be necessary. The District Educational Officer has recommended the opening of the school at Hejmadikodi and the District Educational Council has accorded the necessary sanction. The Director, who personally visited the village, states that the fisherfolk of the village are really anxious to have a school. In view of the importance of imparting education to fisher-children, this department supports the Director's proposal. It is proposed to include a provision of Rs. 700 in the Budget Estimate for 1936-37.

C. A. HENDERSON—3-10-35.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be placed before the Finance Committee as a Part II Scheme for 1936-37.
